

MEDICAL PRACTICE EXPERTISE

Space needs of a medical practice present a different set of challenges than typical office space. Working with a professional who has experience in medical practices is tantamount to making sure that the financial goals of the practice are met. Alan Joel Partners Real Estate is here to act as the real estate arm of your practice, guiding you through every step of the way. This service allows staff to focus on the practice and patients. We put together a team of seasoned real estate professionals, medical space planners and construction contractors to make sure that you are getting the best value available in the market place.

Below are a few of the medical practices that we have worked with for their medical office space:

Atlanta Allergy & Asthma Clinic
Atlanta Children's Clinical Center
Center for Preventive Cardiovascular Care (Dr. Gina Lundberg)
Daniel Brunner, DDS
David S. Whitcomb, MD
